

First Aid

It's as Easy as ABC!!!

Many experience manifestations of allergic disease
Those with such diseases are more susceptible to experiencing
medical emergencies

Medical emergencies are frightening for both those experiencing and
also those witnessing them

If you or a loved one has been diagnosed with an allergy then
YOU ARE NOT ALONE

Meet others in a similar situation, to learn more about the effective
administration of first aid, in an informal setting

Laura Grewer of St John Ambulance will be sharing about:
'Effective First Aid Techniques'
